UNIVERSITY OF DELHI

DEPARTMENT OF BUSINESS ECONOMICS

Outstation students living in PG/FLAT : Issues and Conditions

**STUDENT IN-CHARGE
MANTASHA ANSARI**

**TEACHER: DR. RAJBALA
GAUTAM**

ACKNOWLEDGEMENT

I would like to express my gratitude to our principal, Dr. G.K ARORA , Dr. BHIMRAO AMBEDKAR college for giving me the opportunity to carry out the project - 'Outstation students living in a PG/Flat : Issues and Conditions'. I also wish to express my gratitude to my subject teacher Dr. Rajbala Gautam, who gave me moral support and guided in different matters regarding the topic. She had been very kind and patient while suggesting me the outlines of this report. I thank her for her overall support.

I am also thankful to our Department faculty members and all the students who have supported throughout this project.

OBJECTIVE

The project aims to:

- Analyse the nature of outstation students in selecting the PG/Flats
- Examine the problems they face living in PG/Flat
- Observing the impacts of these problems on their lives by comparing it with various factors
- Infer results

About the project

- A survey was conducted in Dr. Bhimrao Ambedkar college through google forms where students of all branches of study participated in the survey.
- The sampling techniques was simple random **sampling without replacement.**
- Total population size is around 2250.
- Sample size is 398.

STEPS AND METHODOLOGY

- ❖ Selection of topic and Objectives of survey
- ❖ Selection of population ,The population sample included students of Bhimrao Ambedkar college, University of Delhi.
- ❖ Selection of proper sampling design,here SRSWOR
- ❖ Collection of data via questionnaire
- ❖ Obtained survey was divided between PG students and non-PG students.
- ❖ Analysis was done and Inferences were obtained and Conclusions were made

ANALYSIS

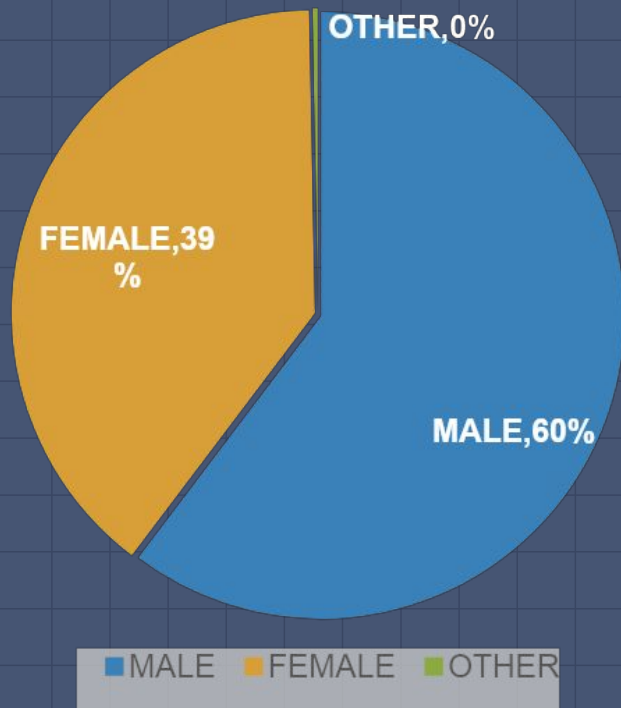

COURSES

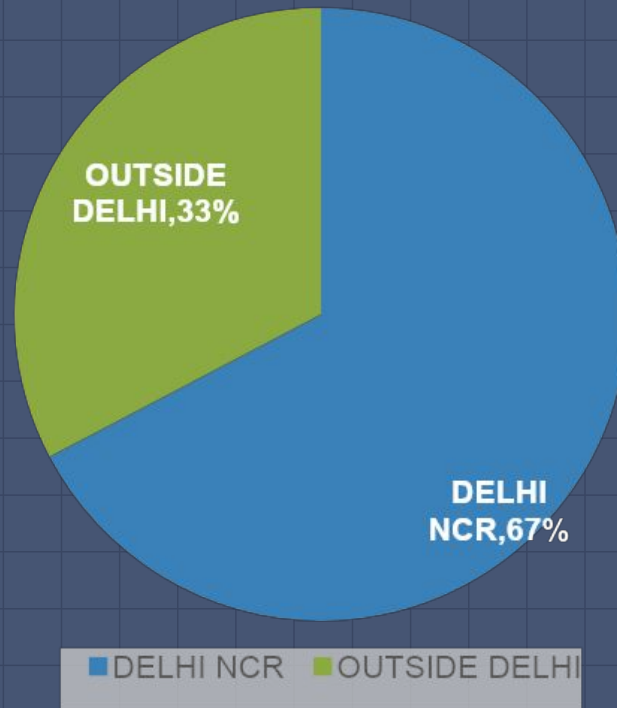

YEAR OF STUDY

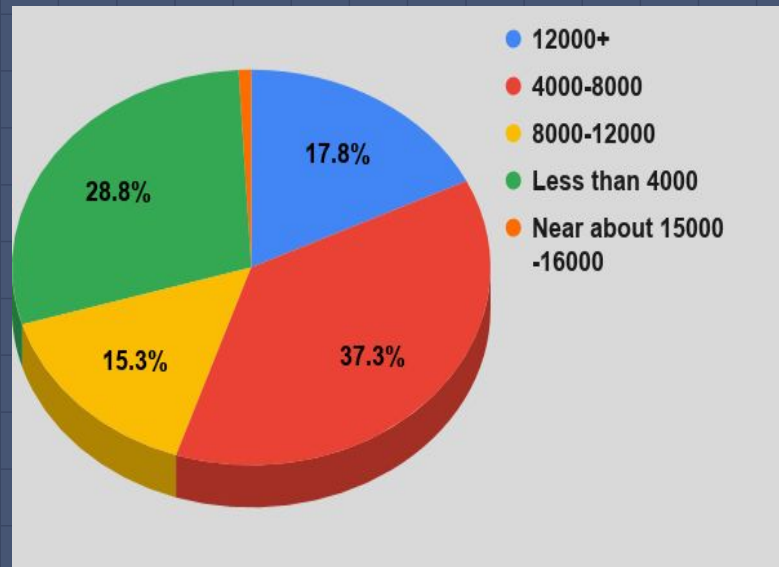

GENDER

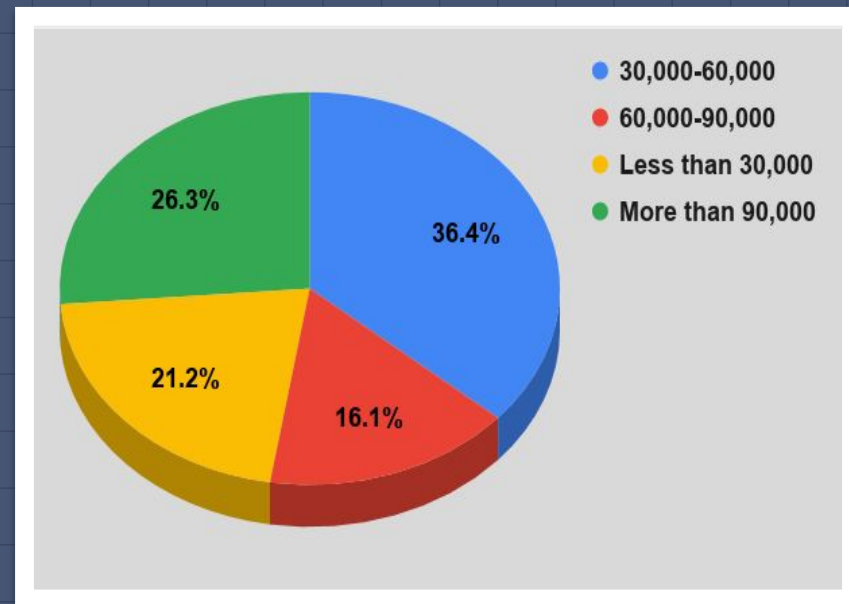

HOMETOWN

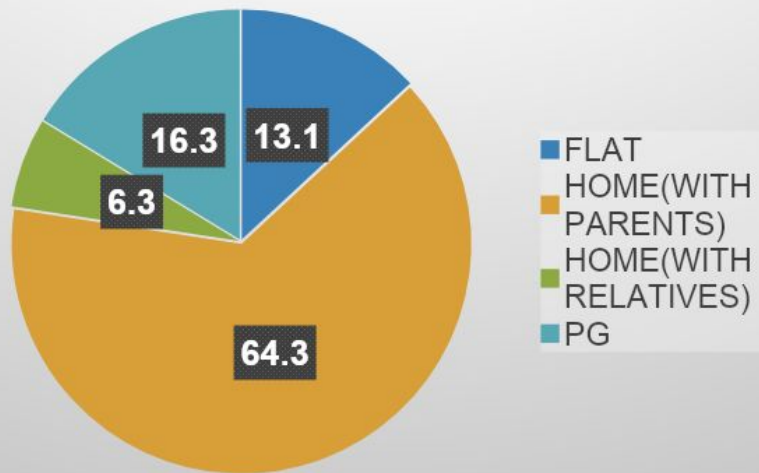

EXPENDITURE

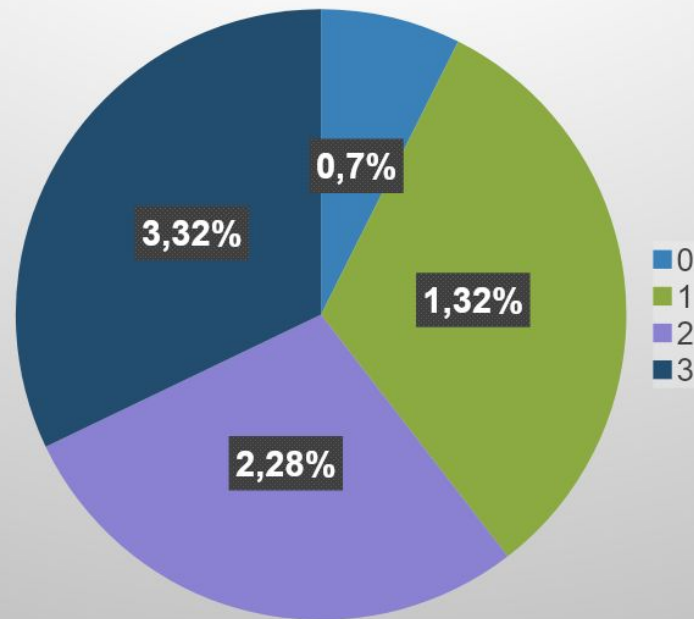

FAMILY INCOME

RESIDENCE TYPE

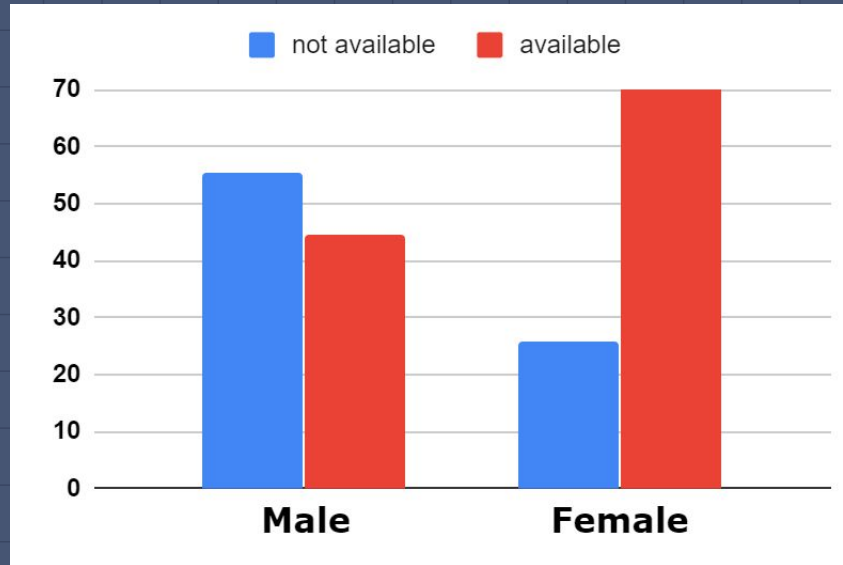

ROOM SHARING

INSIGHTS AND INFERENCES

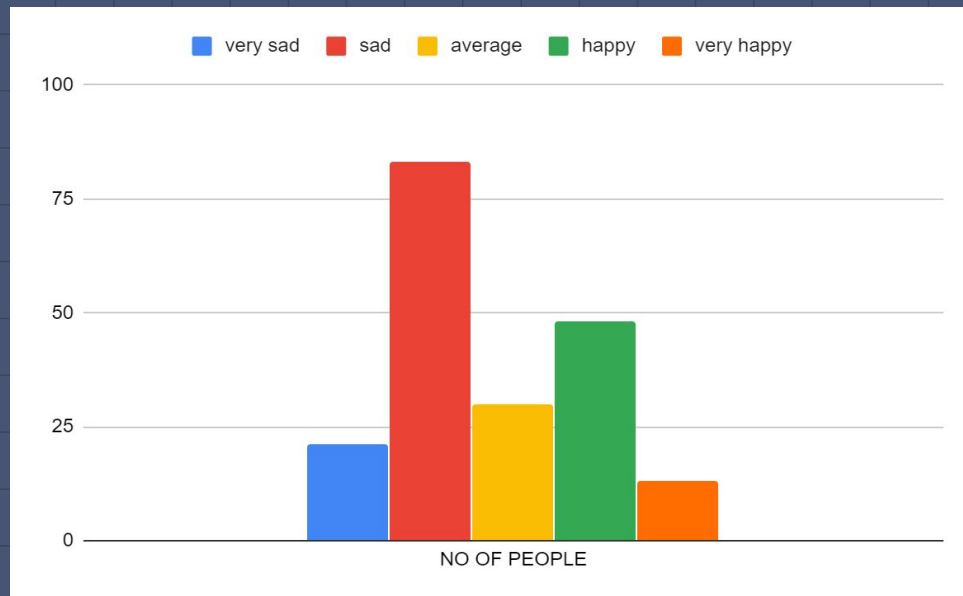

AVAILABILITY OF FOOD VS GENDER

INFERENCE : Girls usually prefer PGs or Flats which provides food as compared to boys

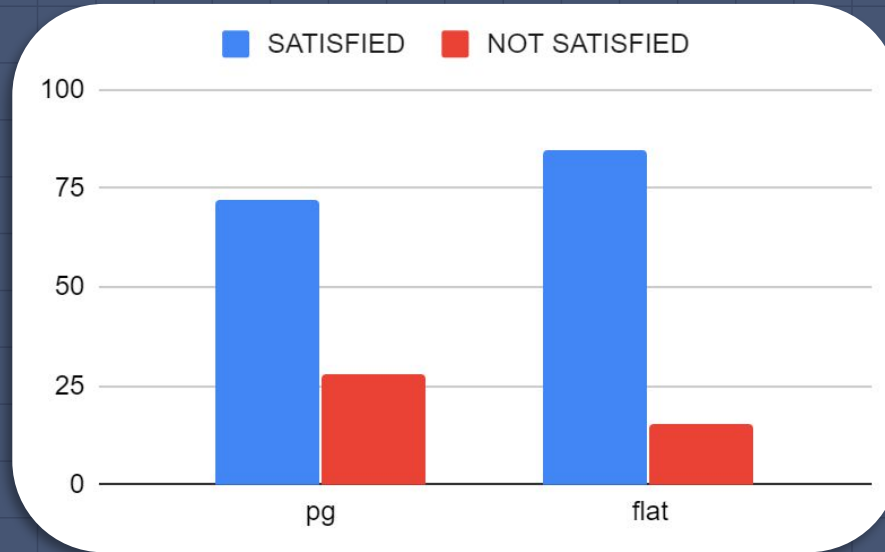

How happy are you with the living experience in your PG/FLAT?

INFERENCE: Maximum students are sad with their experience of living in PG/FLAT

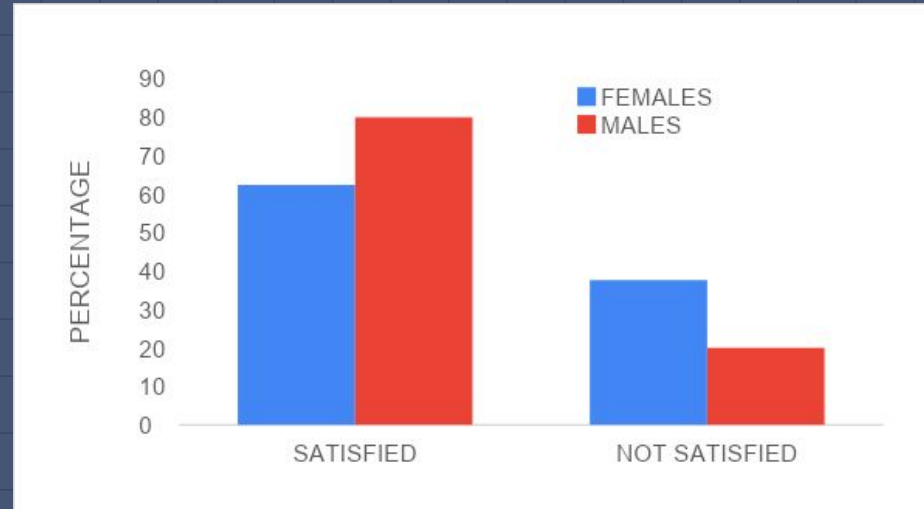

SATISFACTION OF INDEPENDENCE IN PG VS IN FLAT

15

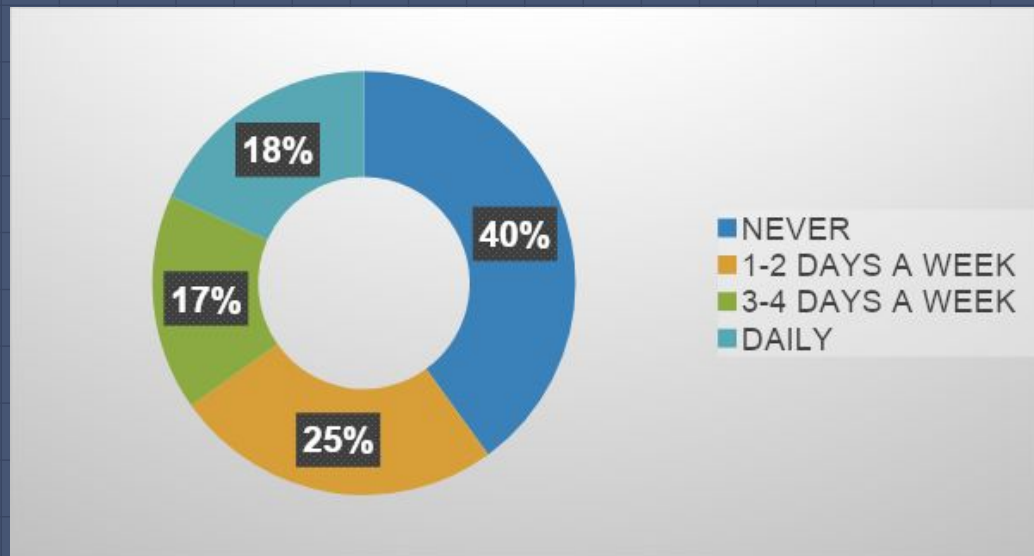

INFERENCE: More % of students living in flats are satisfied with their independence as compared to students living in pg

Which Gender is more satisfied with theirs Independence?

INFERENCE- Males are more satisfied with the independence given at their PG/flat as compared to females.

STUDENTS PERFORMING MEDITATION OR EXERCISE

INFERENCE: More than 40% of students never perform any type of exercise or meditation
Only 18% performs exercise regularly

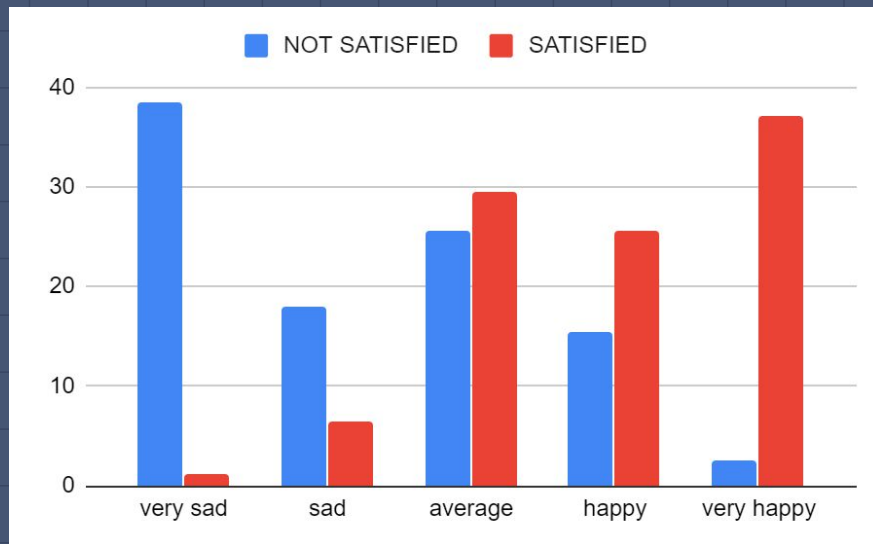

PERFORMING EXERCISE vs OVERALL SATISFACTION

18

INFERENCE: Students who meditate or exercise regularly are much more satisfied.

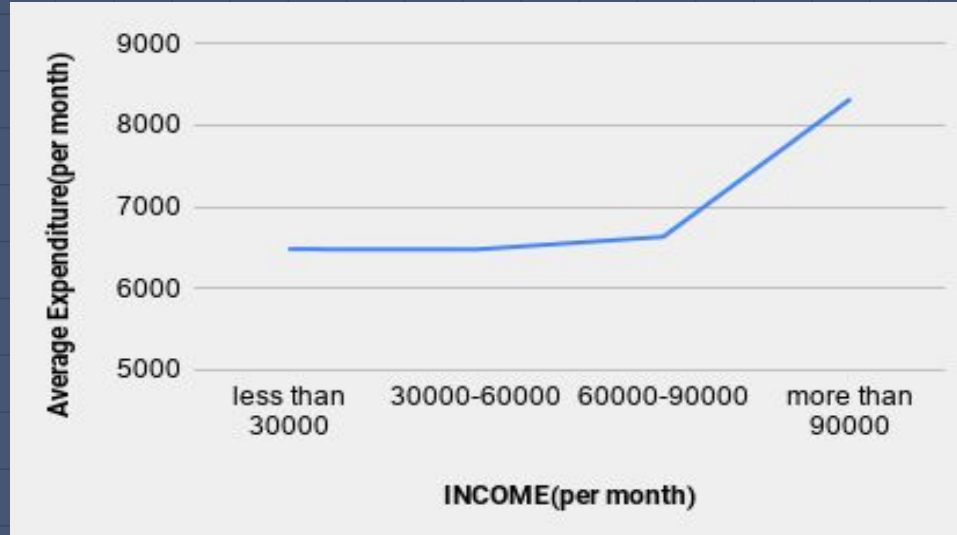

How a good roommate affects your living experience at PG/FLAT?

INFERENCE- A good roommate can make your living experience happier than ever before

AVERAGE EXPENDITURE vs FAMILY INCOME

20

INFERENCE- The average expenditure of a student living at a PG is almost same when their family income is less than 90k, but as soon as the family income rises from 90k the average expenditure also rises.

MYTH

Theft issues are less where CCTV cameras are installed

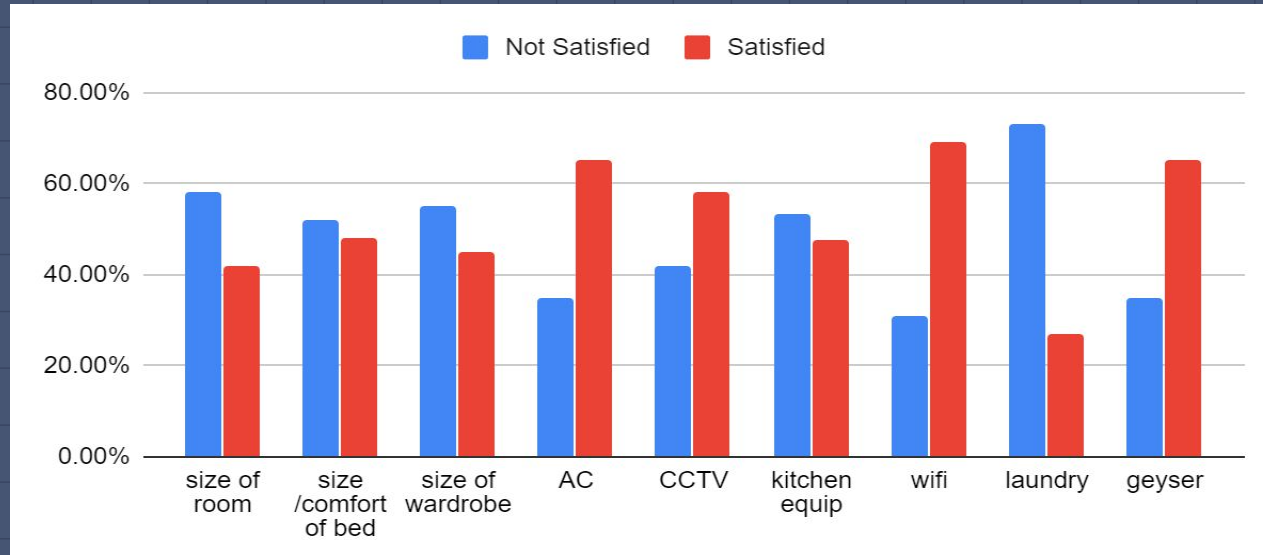

THEFT ACTIVITIES vs AVAILABILITY OF CCTV

22

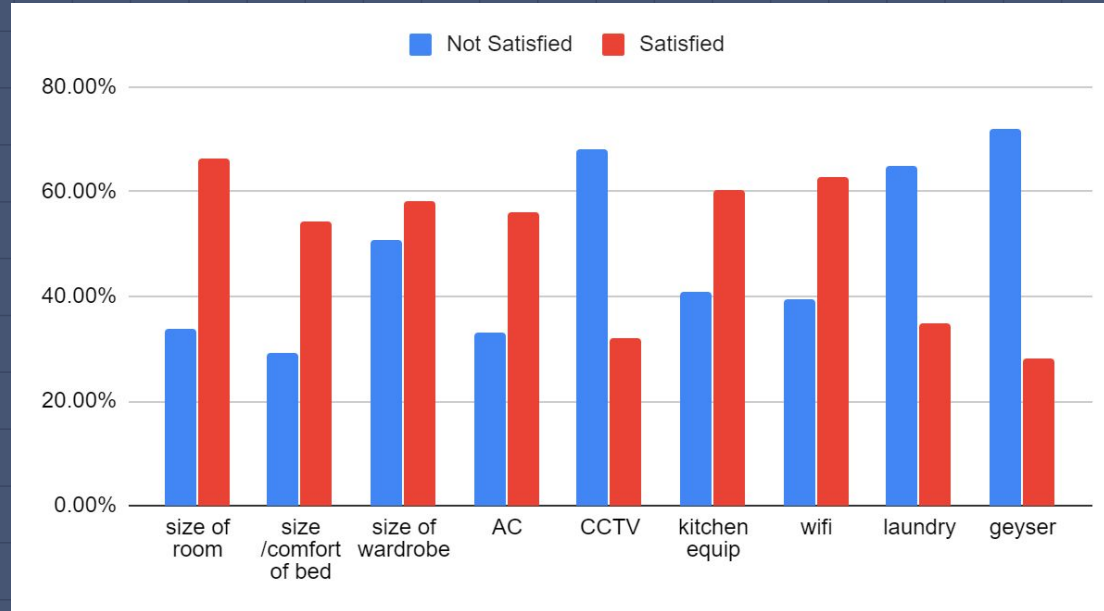

INFERENCE- Myth busted, no particular trend observed, availability of cctv cameras doesnot assure security

COMPARISONS OF VARIOUS FACILITIES AVAILABLE IN PG ²³

INFERENCE-Laundry facilities are not so good in Pg

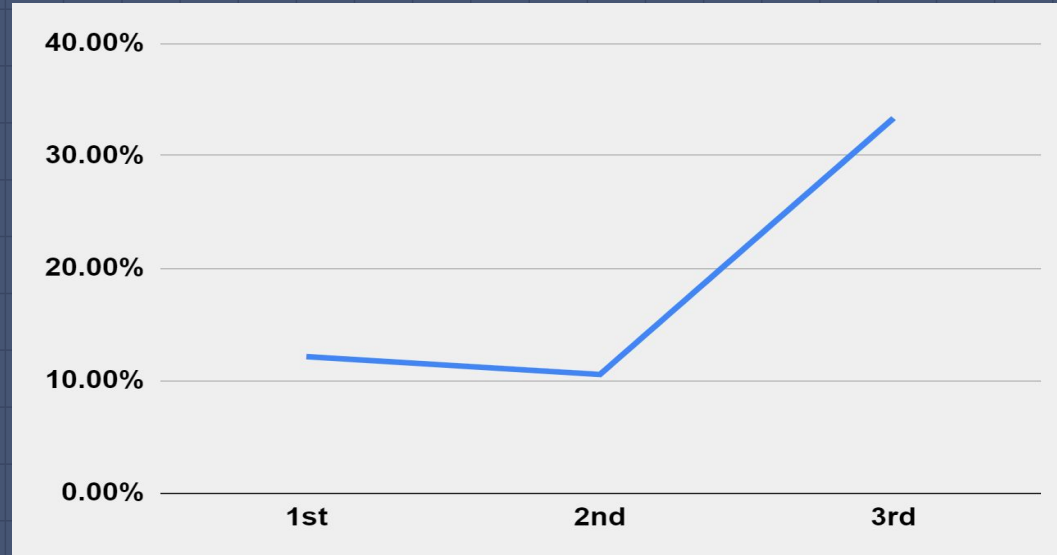

COMPARISONS OF VARIOUS FACILITIES AVAILABLE IN FLATS ²⁴

INFERENCE- Students living in Flat are not satisfied with laundry , geyser and security facilities.

YEAR WISE ANALYSIS OF STUDENTS SATISFIED IN PG/FLAT

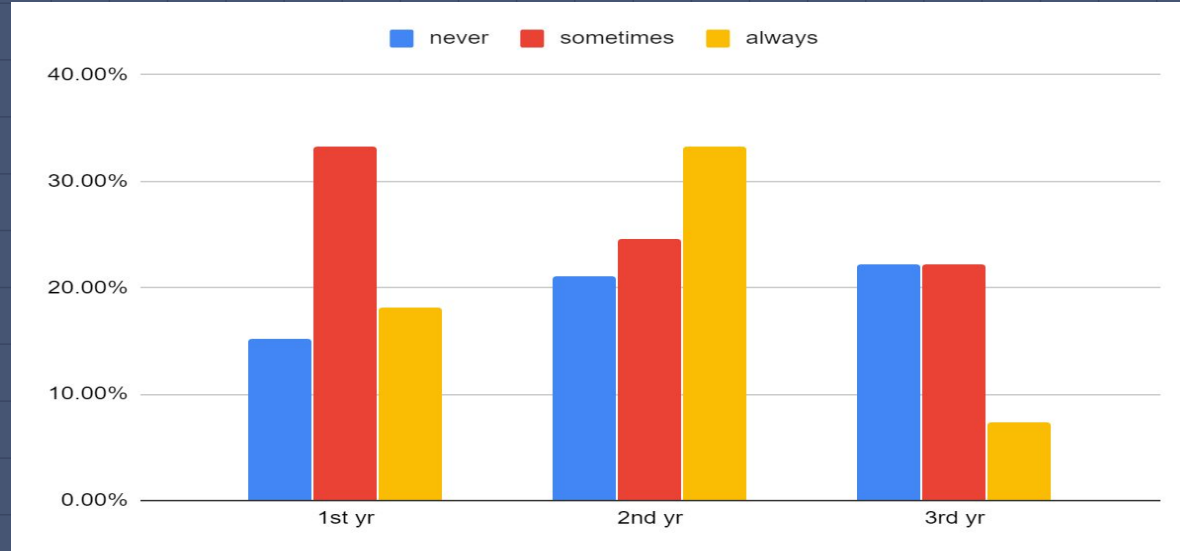

25

INFERENCE-In particular, 3rd year students are more satisfied in their pg/flats.

YEAR WISE ANALYSIS OF HOMESICK STUDENTS

26

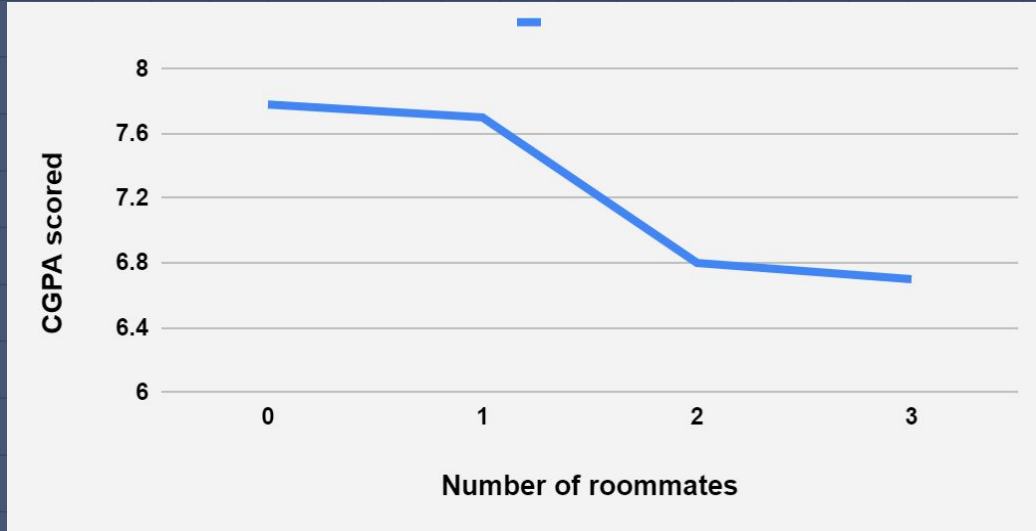

INFERENCE- 3rd year students tends to feel less homesickness as compared to 1st and 2nd years

FEELING OF HOMESICKNESS vs AVERAGE HEALTH

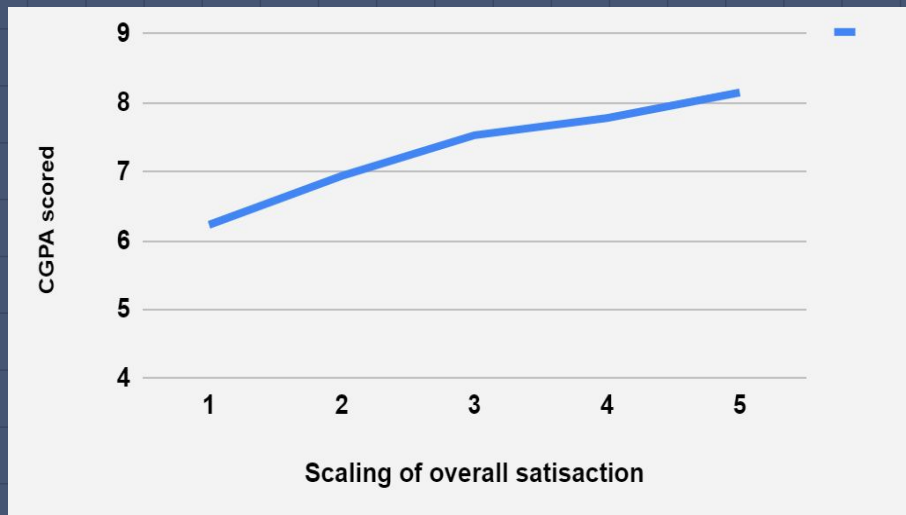

INFERENCE- Students who fall sick many times tends to be more homesick

NO. OF ROOMMATES vs CGPA SCORED

INFERENCE- More room partners means less academic results

OVERALL SATISFACTION vs CGPA SCORED

INFERENCE-Students who are more satisfied in their pg/flats have better academic results

CORRELATION COEFFICIENT BETWEEN SOME DATA POINTS

Overall, how satisfied are you with the experience of living at the PG?	academic performance	0.596713133
Average Expenditure	Family Income	0.1621395268
Homesickness	Average Health	-0.1945287711

CONCLUSIONS

- ❖ Almost 56% students lives in PG and 44% students lives in Flat.
- ❖ Approximately 40% are females and 60% are males.
- ❖ While looking for a PG , girls usually prefer those PGs/Flats which provides food as compared to boys.
- ❖ Students living in flats are most satisfied with the independence as compared to the students living in PG. Moreover, males are more satisfied with the level of independence given at PG/flat as compared to females.
- ❖ Students who meditate or exercise regularly are much more satisfied with the experience of living at PG in comparison with those who rarely meditate.

CONCLUSIONS

- ❖ As the family income of a student living at a PG/Flat rises, their average expenditure also rises simultaneously
- ❖ Students who have not faced any inconvenience with their PG mates are more satisfied with the environment of their PG.
- ❖ First year students feel more homesickness as compared to third year students.
- ❖ Those students who are satisfied with the environment of their PG/Flat, secures more CGPA and performs well in academics as compared to those who are not as much satisfied.
- ❖ Moreover security is a bit issue as availability of cctv cameras doesnot assure security

FUTURE SCOPE

- ❖ The data can be used by the college authorities to take appropriate measures to improve the experience of PG students and to increase the facilities for them.
- ❖ In future, hostel facilities in the college can be started based on the aspects discussed in the project.
- ❖ It can also be used by students living in PG/Flat to take appropriate measures while living there.
- ❖ Students can also use this data while looking for a PG and based on this data they can find appropriate PG for themselves.
